

The Kindness Walk

Robert F. Smith is a blind man with an impeccable heart! He wants to do a million acts of kindness in his lifetime. He is the son of the late OC Smith who sang the top hit, "Little Green Apples". Robert is my brothers client. Robert, with my brothers help, is undertaking an almost impossible feat, due to Roberts blindness and my brothers cancer. Robert is walking to from Long Beach, California to Las Vegas, Nevada. They are currently on day 7 of the walk and have covered 100 miles. Along the way Robert is doing acts of kindness to help others in the people he meets and at the same time he is getting people and organizations to sponsor the walk financially. One of the acts of kindness he is doing, has to do my client, from Stayton who has Autism, Type1 Diabetes and seizures. My client is in desperate need of a multifunctional service dog that will cost around 10,000.00. Robert , on this kindness walk is raising funds to help this 10 year old boy to get his service dog, as well as raising funds for the blind, and war veterans in need of help.

I will be joining this walk on Nov. 10 and will walk 140 miles as well, to the finish. Asking for many prayers in the process for stamina, mental health and physical health as well, for the Kindness Walk Team. If Interested in sponsoring my steps or donating to a very worthy cause here are some websites you can go to

Thekindnesswalk.org

Littlegreenapplesproject.com

Gofundme.com

If you have any questions you can contact Renee Gunselman 541-619-2353 or email me at gunselman.renee6@gmail.com or better yet, find me at church.
