## The Power of Prayer

Last summer we prayed for God to prepare the hearts of those we meet and share Jesus with. We prayed for God to raise up our students as laborers for the harvest. We prayed for our student leaders to grow as disciples and make disciples. These prayers were answered in great ways this Fall term. First, we had two baptisms in August before school started. One pictured to the right is Carrie Griffith.

Then we had one of our students, Mohsen, move in with a Chinese student, Hongcai Zhang. Mohsen invited him to UCC and Circle church. Recently, Hongcai Zhang and I began studying Luke using the FriendSpeak material. He enjoys learning more about Jesus and practicing his English. We also have a new couple that were studying with missionaries in Brazil come to OSU for a Master's degree in Math. Bruno and Ana made a connection with our church and campus ministry through Let's Start Talking. Circle church has become like a family for them.

Our student leaders are growing by taking CITE classes, spearheading a youth rally, and seeking ways to share their faith with fellow classmates. All focused on making disciples.

Finally, we are excited that this has resulted in a new CITE class being offered, Bible Study and Teaching, which focuses on studying the Bible and sharing our faith with others. Students wanting to become disciples that make disciples.

I know this is because of your prayers with us. Thank you for your prayers. Thank you for your support of this great ministry. May God bless us as we continue to find ways to make disciples at OSU.
