Gregg's Good News

In recent days, two specific opportunities for engaging in mission work have come to my attention.

Keizer Church of Christ is planning to send a team to Myanmar for a short term mission effort. Many of us have heard of "Let's Start Talking." The plan is to use similar material produced by World English Institute. Students will come to read and discuss excerpts of the Bible in English. After the team is gone from Myanmar, the local evangelist will continue follow up with people who participated in the English Bible lessons. For more information,

World Christian Broadcasting has been offering programming for many years. From the primary facility in Alaska, they have reached numerous people in Asia and beyond. In the near future, they will begin broadcasting from Madagascar. In the process, much of the globe will be able to hear the Christian programs in numerous languages. Financial assistance to enlarge the project is needed.

Tonight is our 2nd session for **Mentoring on "Raising**" **Children of Faith."** If you were not present at the first session, it is not too late to join. This evening, we will discuss several specific strategies one can pursue to help children embrace faith and church. If you have a specific question or situation you would like to have addressed, please submit it to me and I will work to weave that into the future meetings.
